

EXTRA. CLIFFORD IN A HARD DRIVE.

He Just Snatches Victory from Correction Under the Wire.

HIS BACKERS NEED BRACERS.

They Stagger Into the Gold Room and Faintly Call for Stimulants.

URANIA CAPTURES THE SECOND.

They Get Away Badly, Although Mr. Rowe Keeps Them at the Post Thirty Minutes.

(Special to The Evening World.) RACE TRACK, GRAVESEND, Sept. 12.—The gold-room did a rushing business after the first race to-day. Any number of weak-kneed, pale-faced individuals staggered up to the white-aproned attendant and gasped a request for whiskey or brandy. They were the plungers who bet on Clifford in the opening dash.

Clifford was deemed a sure thing. There was only one way to lose, and that was to fall down. The books only quoted 1 to 12 against him, and the plungers took up advantageous positions to see their money gallop home.

Judge of their feelings when Correction went away flying, with a two lengths lead, and they were shocked to see him begin to hustle Clifford along to catch her. He could not do so until they reached the stretch.

The mare held her lead up to the last few jumps, when Clifford, under the hardest kind of go, not only kept her but won by a scant half length, under the wire. Then it was that the white-faced plungers, with hearts beating wildly, rushed for stimulants. Wah Jim, the only other starter, was a poor third.

A fair lot of two-year-olds went to the post in the second race, and Mr. Rowe kept them there for thirty minutes, in an effort to get them away. He missed several good starts, and then let them go in a bunch.

Urania, who was favorite, at the general price of 10 to 1, and all the way to the finish, was second, and Manchester third.

(Special to The Evening World.) RACE TRACK, MASPETH, Sept. 12.—The Newtown Jockey Club opened a good card to-day for the third day of its meeting. Some fair performers were entered in the several events, and there was promise of good sport.

The Louisville and Troy Clubs did not draw for stands to-day, and only sixteen books did business. The weather and track were perfect for the sport.

Parker, the rider of Ligerwood, had his leg hurt while making a jump over the fence. Ligerwood was pulled up, and Parker had to be carried from the track.

ANY BOODLE IN IT?

Traction People Confident of Getting That Franchise.

Third Avenue Road Opposes It and Gets Slight Delay.

Mr. Crimmins Gets Indorsers of the Uptown Extension.

(Special to The Evening World.) A big lobby, headed by John D. Crimmins, was present to-day at the hearing of the Aldermanic Railroad Committee. Mr. Crimmins came, backed up by about one hundred respectable-looking citizens, representing all walks in life, and each was eager to say a good word in favor of granting the Metropolitan Traction Company a franchise for building six miles of road above One Hundred and Sixteenth street and Manhattan avenue, through St. Nicholas avenue and Kingsbridge road to the end of Manhattan Island.

The opposition was represented by the Third Avenue Railroad Company, which is an applicant for the same privilege. The Third Avenue Company asked for further time to present its objections, and another hearing will be given for that purpose Oct. 2.

Mr. Crimmins seems to be so confident that he will get the franchise that he has already begun work on another extension, which is to connect with the proposed addition, without having obtained the consent of the authorities. This is against the law, as "The Evening World" has shown, and Mr. Crimmins admits it, but he relies on his "pull" to save himself from punishment.

There are whispers of boodle connected with the franchise. The figure named is \$100,000. Whatever it is, the matter seems to have a fascinating interest for the Aldermen. Six of the seven members of the Railroad Committee were present and enough others to make a quorum of the Board. The meeting of the Board Tuesday had no such attraction, and it is supposed that a lack of enough members to do business.

Henry A. Robinson, for the Traction Company, opened the proceedings by stating that the extension would be a public benefit, as the Company proposed to give passengers a ride all over the city for one fare. Property-owners favored the plan.

James McCarty also favored the application. Hugh N. Camp and other property-owners had spoken in favor of the granting of the application, the hearing was adjourned until Oct. 2, when adherents of the Third Avenue Company will have their say.

(By Associated Press.) POINT BREEZE RACE TRACK, Sept. 12.—To-day's racing closed the Grand Circuit meeting at Point Breeze, unless one of the four races scheduled should be unfinished, in which case it will be decided to-morrow. The 2.22 trotting race, previously scheduled for this afternoon, and the 2.10-class trotting race, scheduled for to-morrow, did not fill, and the Association transferred the free-for-all race from Friday's programme to to-day.

The card for this afternoon is the best of the meeting, and includes the 2.14-trot for the David Banner Stakes of \$2,000; 2.15 and 2.18 class trotting purses of \$1,000 each, and the free-for-all race of \$1,000.

WHEN DEPEW COMES HOME.

Police Commissioners Have Not Yet Decided the Question.

Lexow Tells Martin He Has No Suggestions to Make.

But the Board Will Keep on Securing Evidence.

(Special to The Evening World.) Until the Police Commissioners meet and definitely decide upon their future actions, it is an open question as to whether the trials of policemen accused of bribery by Lexow Committee witnesses, will be continued during the recess of the Senatorial Inquiries.

Early in the day President Martin said the trials would cease during the Lexow recess, and added that they would not be resumed until official notice was received from Senator Lexow, that the Board's action would not interfere with the Committee's work.

It was pointed out to Mr. Martin that at the last session of the Lexow Committee the Chairman made the public statement that it had no suggestion to offer to the Police Board, and was, in fact, indifferent to whether the Board went on with the trials or not.

"I have nothing whatever to say to that statement," Mr. Martin replied, "but will I pay any attention to it. We will do nothing without an official intimation."

Late this afternoon Mr. Martin received a letter from Senator Lexow. It was a formal document and inclosed a copy of a portion of the proceedings before the Committee yesterday. The letter stated that the Committee had no suggestion to make to the Police Board, and was, in fact, indifferent to whether the Board went on with the trials or not.

President Martin said that no action would be taken upon the letter until all the Commissioners can be got to agree.

"Presumably," he added, "I am not in favor of going on with any more of the trials while the Lexow Committee has work to do. The letter just received puts me back where we were last June, and we are making no progress in putting policemen on trial only hampered them."

The Police Board, however, is going right on with the work of securing evidence and preparing cases against accused and suspected policemen, so that we are ready to take up the investigation again at any time and at a moment's notice."

Commissioner Murray said, regarding the announcement of the Lexow Committee: "Inasmuch as the Committee has announced that it has no suggestions to offer as to what our course should be, it leaves us free to act as we see fit. It is always best of opinion that this Board should do nothing to interfere with the Senate Committee's investigation."

"Last June, when the Committee said that it had no suggestion to make, I decided that it would be improper for the Board to hold any trials while the Committee was sitting."

"Now they say they have no desire to express in the matter. Therefore I cannot see why the Police Board should be taken up with the trials while the Committee with whatever trials it has on the docket."

That Mr. Martin would say was: "There will be no more trials. The Assistant District Attorney Weisman has made the statement that cases are now prepared against eight captains, and on the charges the captains can be brought to trial at one day's notice."

CHERNOWSKI SHOT HIS WIFE

In the Presence of Their Children.

A SHOTGUN THE WEAPON.

More than Forty Grains of Lead Removed from Her Body and Limbs.

DEATH IS EXPECTED HOURLY.

The Infuriated Husband Caught by a Citizen After a Long Chase.

(Special to The Evening World.) LONG ISLAND CITY, L. I., Sept. 12.—William Chernowski, of 33 Purvis street, this city, half crazed with liquor and jealousy, made a desperate attempt to kill his wife in the presence of his children, shortly before 3 o'clock this afternoon.

Taking a shot-gun from the rack which held it, and loading it with a quantity of buckshot, he pointed it at his wife and fired.

John's Hospital, no less than forty grains of shot were extracted from her left side and leg. No hopes are entertained of her recovery.

The husband, who was arrested after a long chase, was locked up in the Fourth Precinct Station. He will be arraigned in court to-morrow.

Chernowski is forty-five years old, and his wife four years his junior. Both were born in Poland and were married in that country. There were seven children, five boys and two girls.

The couple came here from Poland a little over five years ago, and almost immediately took up their residence in this city. Until about two years ago they lived in apparent happiness. Then they began to quarrel.

One of the usual quarrels took place to-day, but the neighbors were so used to hearing the disturbances that they paid no attention to them.
